Dear Sir/Madam,

**RE: PUPILLAGE
APPLICATION**

The above subject refers.

I have attached my Curriculum Vitae in support of my application for a Pupillage opportunity at your law firm.

My name is Mukabi Arnold. I am currently undertaking the Advocates Training Program at the Kenya School of Law, having secured my Bachelors of Laws Degree Certificate at Kabarak University.

I am making this application because I believe I possess the skills and qualities that match your job description. I also believe that an opportunity to work with you will be instrumental in modelling me into the Advocate I aspire to be in the future. My key strengths include; excellent research skills, ability to work both independently and part of a team, ability to work at odd hours including at night and excellent communication skills – both in speech and written form.

In addition, I have a great interest in various areas of law, especially Employment & Labour, International, Constitutional, Commercial, Intellectual Property, Human Rights and litigation, which I look forward to learning. I understand that I have a lot to learn. My hard work and enthusiasm will be vital throughout this journey and as such, I promise to take my Pupillage with the utmost seriousness.

I ask that you may consider my application, as I look forward to hearing from
you. Yours faithfully,

Mukabi Arnold.
